Greentree's Mascot Green Dog Now Famous

May, 2009 : Discussions at the 2008 Greentree Business Partners Bi Annual Conference held at Sanctuary Cover have led Star Business Solutions NSW & ACT Business Development Manager – Ken Dodds, to make the Greentree Green Dog mascot come alive.

With the assistance of one of Star Business Solutions Sydney based clients, The P.A People , and a professional voice over artist, a 2 ½ minute video has been produced and loaded onto You Tube. The Video clip can be seen at <http://www.youtube.com/watch?v=lx2X7U6-6Ac> and gives a simple abbreviated run down on some of the functions that the Greentree Software can provide. The video was produced with the sole purpose of highlighting Star Business Solutions attendance at trade events, in particular CeBIT 2009.

If you want to see an amusing stuffed Green Dog try to explain Business and Accounting Software, then click on the link. The real Green Dog [full size of course] will also be making limited appearances at CeBIT 2009 and can be seen at Stand U53. Come on up and have your photo taken with a You Tube Star and Greentree Mascot
